Hi everyone,

We're using Ed Discussion for Q&A this semester.

This is the best place to ask questions about the course, whether curricular or administrative. You will get faster answers here from staff and peers than through email.

Here are some tips:

- Search before you post
- Heart questions and answers you find useful
- Answer questions you feel confident answering
- Share interesting course related content with staff and peers

For more information on Ed Discussion, you can refer to the [Quick Start Guide](#).

All the best this semester!

The left sidebar contains a 'New Thread' button and a list of categories: General, Recordings, Student Questions, Logistics, and Assignment Upload. The central area displays a list of pinned threads, including 'Class Cancelled' and 'Welcome'. The right-hand 'New Question' form is the primary focus, featuring a title field, a category selector (with 'Student Questions' highlighted), a rich text editor with various formatting tools, and checkboxes for 'Private' and 'Anonymous' posting. A 'Post' button is located at the bottom right of the form.
