Course Purposes

Project-Based Learning

Learning by Doing

Project Based Learning (PBL) is a teaching method in which students learn by actively engaging in real-world and personally meaningful projects.

Relationship between the PBL and academic research

Academic research skills will support the performance of students in the PBL class.

But how?

The Skills that Will be Developed in PBL

- Searching
- Critical thinking
- Collaboration
- Creativity
- Communication skills

Academic Research Methodology

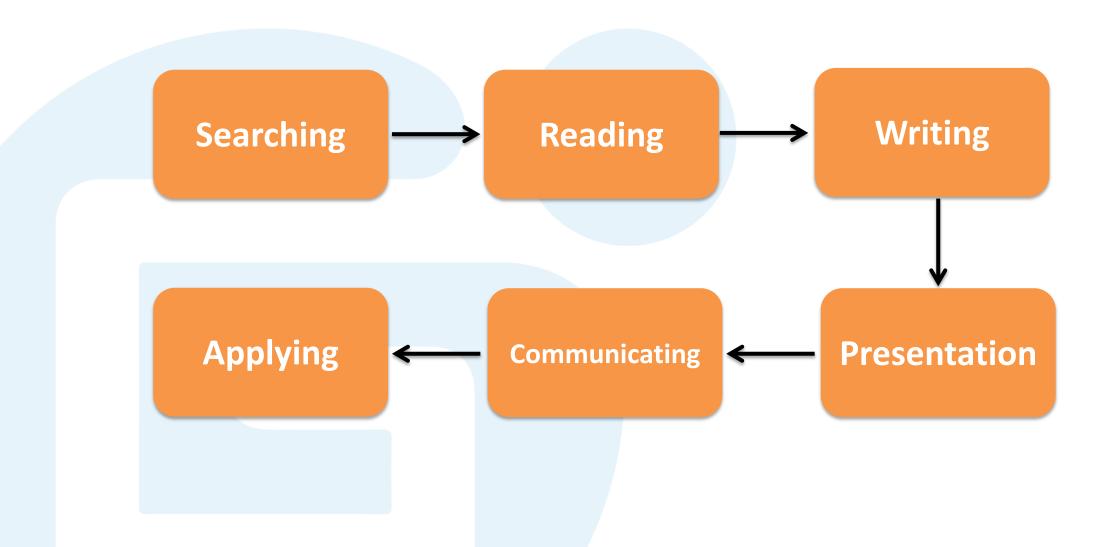

'It's Better to Teach Fishing than to Offer Fish'

This course series will introduce a whole set of knowledge and skillsets to better prepare you for further advancing your academic journey.
